

# Welcome To The Class Of 1960

THE CLASS OF 1960, some 225 strong, groups for its picture in front of Science Hall. The sign overhead reflects the feeling of the College at this time each year.

## The Michaelman

ST. MICHAEL'S COLLEGE, WINOOSKI, VERMONT VOL. 10 NO. 1 SEPT. 22, 1956

### Air Science, Faculty Add Ten New Instructors

Both the Air Force detachment personnel at SMC and the faculty have seen old faces pass and new faces appear over the summer. Four changes have occurred in the Air Force offices while six additional lay professors have been appointed to the faculty.

#### DEPARTING ...

The Air Science Department of the Air Force detachment underwent an innovation this summer when four of the staff were reassigned to new duties. The departed officers were Lt. Colonel Edward Anastasia, Captain John Kiernan, Captain Frank Delmerico, Jr., and Captain Francis Staley.

Colonel Anastasia is presently piloting a B-36 of the 99th Heavy Bomber at Fairchild, Washington. Captain Kiernan has returned to fighter piloting in Arizona, while Captain Staley is flying the huge KC-97 at Palm Beach, Florida. Captain Frank Delmerico is doing administrative work in Alaska.

(Continued on page three)

### Future Teachers Adopt New Name

Student National Education is the new title for college future teachers' organizations, Thomas Leavitt, president of the Vermont college department of the association announced today.

"We felt that the name 'Future Teachers of America' did not sufficiently imply the close relationship between our group and the National Education Association", Leavitt said in making the report. "Our new nomenclature tells others just what we are - a student education group, which any college undergraduate planning to teach is eligible to join."

Leavitt said his group expected the coming year would be the busiest ever for SNEA on the Vermont scene. Several new chapters from Norwich, Middlebury, Trinity and UVM are expected to join the state association and membership in individual clubs is expected to hit an all-time high because of the programs which club leaders have arranged.

### Sophs vs. Frosh In Egg Scramble

A new type of contest will be held this fall to determine if Freshmen can rid themselves of the hex of beanies. Differing from traditional tugs of war, football games, etc., this mighty struggle shall be known as the First Annual Egg Scramble and will be held the afternoon of Sept. 30.

On that memorable day, a mammoth mound of hay will be piled in the center of the football field. Freshmen shall challengingly line up at one goal line while Sophomores shall sturdily stand at the opposite end of the field. Members of Crown and Sword and Student Council, co-sponsors of the event, shall then place several dozen eggs within the hay stack and the stage will be set.

(Continued on page three)

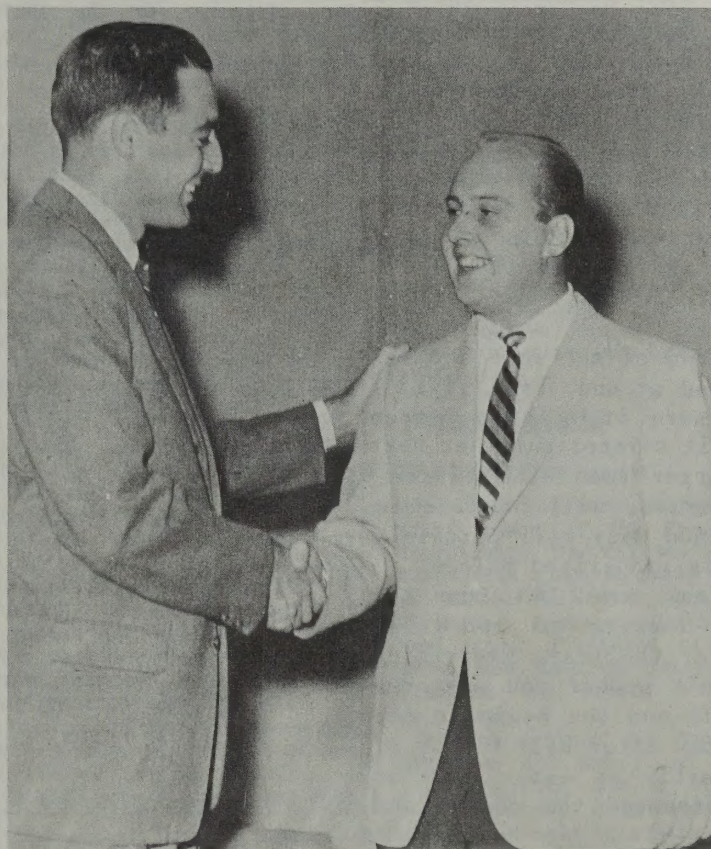

### SMC Exhibit At Exposition

A new attraction at the Eastern States Exposition being held in Springfield, Mass., this week is an exhibit depicting life at St. Michael's. The exhibit is the only one of its kind at the Exposition and it is housed in the colonial brick Vermont building.

#### BOOTH SET-UP

The Saint Michael's booth was assembled at SMC and transported to Springfield by Mr. Frank Simas, Assistant Director of Admissions and Placement and Mr. John Donoghue, Director of Public Relations. Visitors are immediately attracted by the eight foot replica of the Saint Michael's emblem that forms the backdrop for the exhibit. There is a panel

PIERRE PELLETIER (R) is congratulated by Junior Class prexy Bill Willig on being named Chairman of the Junior Prom.

### Frosh Sing, Dance, Play Throughout Opening Week

On Wednesday, September 12th, the doors of St. Michael's College were opened for another scholastic year, and the new freshmen class of approximately 225 members entered its portals.

As each newcomer registered, he was cordially met by one of the members of the Crown and Sword Society and was guided to the different places on campus where he had to complete the registering process.

Early Thursday morning in Austin Hall the freshmen were officially welcomed to the campus with addresses by Father Gerlad E. Dupont, S.S.E., the Dean of Studies, and Jack Eaton, President of the Student Council. The remainder of the morning consisted of the Freshmen taking several aptitude and placement tests. During the afternoon the frosh had meetings with their faculty

(Continued on page three)

## Pelletier To Head Junior Weekend

On Wednesday, September 19th, Bill Willig, President of the Junior Class, announced at the first class meeting that Pierre Pelletier has been appointed chairman of the Junior Weekend Committee.

#### PLEDGES, SERVICE

When asked to comment on his appointment as committee chairman, Pelletier said, "I will devote all my available time and effort to make this weekend the most memorable ever spent at St. Michael's."

Twelve other men will be appointed to the general committee and then be subdivided into several committees which will include a decorating, receiving, music, refreshments & favors, events, Prom, King & Queen, ticket, formal wear, and special art committee. The formal wear

(Continued on page three)

### President Releases Moderator Changes

Very Rev. Francis E. Moriarty, S.S.E., president of St. Michael's, recently released the appointments of club moderators for this year. Although several veteran moderators will continue to direct their respective groups, many new appointments have been made.

#### CLUB MODERATORS

As moderator of NFCCS, Fr. Moriarty appointed Dr. John Devlin. Both the Mission Crusade and the Sodality will be directed by Fr. Edward Leary, S.S.E., a newcomer to SMC. The Writers Club and the "Lance", college literary magazine, will be moderated by Dr. Henry Fairbanks.

The Flying Club and Radio Club will also have new men at SMC as their moderators. Capt. Edward Rice will direct the former while Fr. George Demers, S.S.E., will direct the latter. Fr. Paul Gopaul, S.S.E., will serve as Director of Movies and Fr. Norman E. Lambert, S.S.E., will be Moderator of Athletics.

#### CLASS MODERATORS

Fr. Moriarty also released the appointments of class moderators. Senior Class moderators are Mr. Ernest Bellair and Fr. Lorenzo D'Agostino. Fr. James Coombs and Mr. Leonard Connors will direct the Juniors. Sophomore moderators are Fr. Raymond Poirier and Mr. Edward Pfeiffer. Moderating the Freshman Class will be Fr. James Ryan and Dr. Joseph Vinci.

### Crown 'n Sword Forms On Campus

Through the joint efforts of a Student Council committee and the Dean of Men's office, a service organization, to be known as the Crown and Sword Society, was formed at the Hilltop during the latter part of last year. The Society is of a similar nature to the "Key" Societies on other campuses. Its sole purpose will be that of service to St. Michael's as illustrated by the motto "Stat Pro Filiis Vestris" - "Stand For Your Sons."

(Continued on page three)

# THE FRESHMEN OUTLOOK

Welcome to the Class of 1960.

We're certain you're going to like it here. You're going to like the faculty, the fellows and the curriculum. This may seem like a strange statement to most of you, as you're probably thinking, "Why, of course I like it." But hold your judgment. You'll change your mind many times, - this is probably how it will go. It always has.

For the first week, meeting your fellow classmates and looking the place over is quite an attraction. Of course this is flavored with a good time. Then classes begin. You'll find that they're OK for the first couple of weeks and then the attraction wears off. The work will entail quite a bit of energy and the food which has been par excellence will be a little unappetizing at times. Then soon there'll be complaints about the social life on campus.

Probably the freshmen are in the uncertain stage as to whether to continue or brave themselves through what they think is a perilous struggle. But the time has gone fast and Christmas vacation comes before things really get rough. Vacation is the greatest and then you have to return.

Returning the first week of the new year finds Winter just about setting in and the magic word for about three or four months is SNOW, I repeat SNOW. There could very well be a short let-up in the weatherman's plans and the sequel is COOL, NORTHERLY AIR, anywheres from zero degrees Farenheit and on down.

Every one begins to notice that his room is getting small and the heat situation could be improved. Then the fellows begin to get on your nerves. You wonder how they ever got into college - they seem to lack brains and personality. And what is there to do at night except study? No one wants to study - there isn't any need for it. (But of course there's always a few dead-heads who must hit the books for at least five or six hours a day.)

The social life by now has disappeared and the Frosh regrets his not joining the Glee Club, IRC, or Sociology Club. Well, let's face it, the meetings were a little inconvenient in the Fall and that bull session occupied a good deal of your time.

And now you've decided that you're being treated like babies by the proctors and you're not able to study because the lights are always shut off too early.

Well, everyone is at the end of the rope and the word transfer is being spread around. Even if it's a foreign country, you're sure it will be better than the Hilltop. Of course it's important that next year you'll have a much larger room with a fireplace and cocktail bar...and you will be free to come and go as you please. And many will certainly believe they're going to this visualized palace.

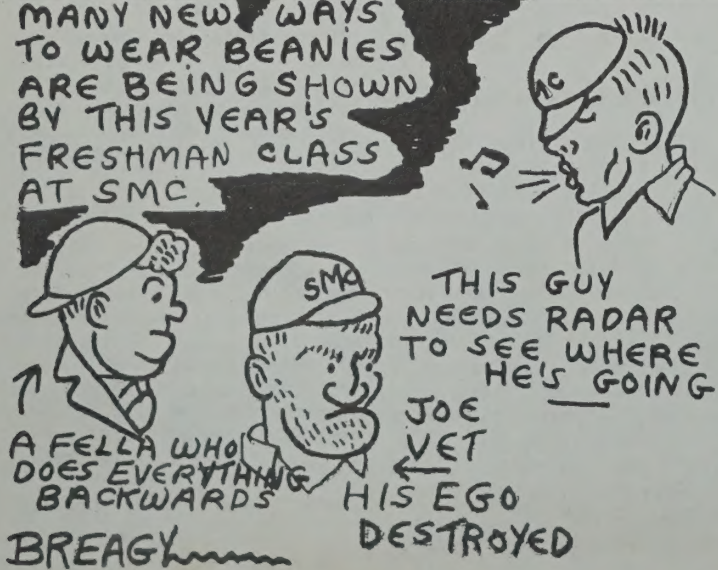

Hold everything. Spring has come. Out come the bermudas and everyone is longing to get that Florida-tan before the end of the year. Everything is changing. The room doesn't bother you anymore, the studies seem to ease off and you begin to see that the fellows aren't so bad after all. Plenty of tennis, gold and even possibly an early swim at North Beach. You can't understand the change and even the food tastes better.

It seems everyone gets ready for the finals in a hurry and the dorms are pretty quiet these days. The finals are over and everyone is on his way home for a long rest. Of course, it is well deserved for all the work put in while preparing for the finals.

Without a doubt you'll return like all the rest of us, for you're another Hilltopper, you're a MICHAEL-MAN!

## BEANIE PARADE...

MANY NEW WAYS TO WEAR BEANIES ARE BEING SHOWN BY THIS YEAR'S FRESHMAN CLASS AT SMC.

## Grad Business Test Lists Four Dates

The Admission Test for Graduate Study in Business, required for entrance by a number of graduate business schools or divisions throughout the country, will be offered on four dates during the coming year, according to Educational Testing Service, which prepares and administers the test. An administration is being held on November 3 for the first time this year. During 1955-1956, many students took the test in partial satisfaction of admission requirements of graduate business schools which prescribed it. Among these institutions are the graduate business schools or divisions of the following universities: Carnegie Institute of Technology, Columbia University, Harvard University, Massachusetts Institute of Technology, Northwestern University, Rutgers University, Seton Hall University, Syracuse University, University of Chicago, University of Michigan, University of Pennsylvania, University of Virginia, Washington University (St. Louis).

A candidate must make separate application for admission to each business school of his choice and should inquire of each whether it wishes him to take the Admission Test for Graduate Study in Business and when. Since many business schools select their entering classes in the spring preceding their entrance, candidates for admission to the 1957 classes are advised to take the test at as early an administration as possible.

The Admission Test for Graduate Study in Business is not designed to test specific knowledge in specialized academic subjects. Normal undergraduate training should provide sufficient general knowledge to answer the test questions. Sample questions and information regarding registration for and administration of the test are given in a Bulletin of Information.

The tests will be administered on November 3, 1956, and February 7, April 13, and July 27 in 1957. Applications and fees must be filed with the Admission Test for Graduate Study in Business, Educational Testing Service, 20 Nassau Street, Princeton, New Jersey, at least two weeks before the testing date desired in order to allow ETS time to complete the necessary testing arrangements. Further information may be obtained at St. Michael's from Rev. James Coombs, S.S.E.

MOVIE SUNDAY

At 8:00 P.M. on Sunday, September 23, the movie "Hamlet" will be shown in Austin Hall.

Donation is \$.25.

General staff meeting of the MICHAELMAN at 5:00 P.M. Monday in Aquinas 208. All those interested in the paper this year should attend.

FRESHMAN!!!

DAILY MASS

7:00, 7:30

# The CAMPUS is MY BEAT

By Leavitt

Old editors don't graduate - they just write columns. That's what we're going to do this year, with Boss Fortin's permission. Our words will be light ones on the whole, as we feel we did enough preaching last year. Almost anything will be subject-matter for us to comment on in whatever fashion we see fit, and we hope you'll like it.

Probably the first thing some of you wonder about is why "we" is used instead of "I". Fr. Gopaul - at least - has always been opposed to its use, but as far as we can find out it's just one of those things - it sounds just a little bit less egotistical than "I" so it has always been used. So we'll continue to use it, OK, Father?

We shan't even use big words in this year's efforts; instead we'll keep the column as homely and folksy as we can. What is more, we're going out of our way to find nice things to report in this column, letting Boss Fortin say in his editorials any of the unpleasant things that have to be brought before you. And once in a while, if the Boss lets us, maybe we'll write an editorial or two and when we do, we shall be just as forceful as were on occasion last year.

Comments and letters from our readers would be welcomed, but don't send them in as letters to the Editors, unless that's what they really are. If you have something on your mind which you think should be discussed around campus, write us (at Alumni 122) and we'll publish your letter, with our comments added to it. Letters to The MICHAELMAN go to Aquinas 208.

Freshman weeks are always fun. We've been in attendance at four now, and have enjoyed each a little more than the last. The campus looks fresh and green and bushy at this season, and the profs look equally fresh, though hardly as green or bushy.

It was fun and interesting to watch the frosh talent show on Friday night of last week. Highlights for us were the bashful piano player who did such a nice job with "Ave Maria" and the guitar player who handled "John Henry" so nicely. Also entertaining was Fr. Sullivan with his whoops and toe-tapping during one or two of the accordion numbers. Father is a priest who in addition to being darned smart, is also a good friend of every student he knows.

The kids (and you still are kids, you know, Frosh, for you haven't been here long enough yet for us to know if you have the makings of a real Michaelman or not) certainly enjoyed themselves at the talent show, too. They have been keyed up all week, and consequently were a really appreciative audience - they even got a kick out of George Latimer, the M.C., who admitted he wasn't very funny. (Wrong again, George.)

We have lots more to tell you, but will have to wait until succeeding issues to do it, as we're fresh out of space for now.

A last word - just because you're a frosh, don't hesitate to write to the author of this column and ask any questions you may have on SMC. We'll find someone to answer them.

# SMC Welcomes 46 Foreign Students

With the arrival of the new school year, we find a greater international flavor in the campus atmosphere than ever before.

Professor Ernest Boulay, Director of the Program of English for Foreign Students, reports that 46 foreign students from 10 different countries are beginning their first semester at St. Michael's College this year.

Intermingled among the group are 11 young ladies who will be residing at selected homes near the campus.

Canada, our northern neighbor, leads the way with 16 students, Venezuela takes a close second place with 14 of their finest. Columbia sends 5, Iran 3, Haiti 2, Peru, 2, Formosa 1, Mexico 1, Panama 1, and Spain 1.

St. Michael's wishes to welcome all forty-six of these new students to the college campus in their native tongues. To Canada and Haiti we wish you "Bienvenu". "Bienvenido" to Colombia, Mexico, Panama, Peru and Venezuela. Iran we wish you "Salaam" and to Formosa we say "Hwan Ying"

## NEW LANGUAGE LABRATORY

As an aid to those foreign students pursuing their studies in English, a completely new feature has been added to the St. Michael's campus. Installed at Aquinas Hall is Professor Boulay's pride and joy, and excellently equipped language laboratory. It is designed to help the students work out what they will be taught in the classroom.

## DESIGNATED PROGRAM

The Program of English for Foreign Students consists of 15 weeks and is divided into two courses. The first is an elementary course which lasts 7 weeks and it is given to those students who have had less than two years of English in their native countries. The second course will last 8 weeks and it will be given to those students who have a real knowledge of basic English fundamentals.

## FACULTY

(Continued from page one)

### INTRODUCING ...

The new gentlemen replacing the reassigned officers include Major Joseph Hurley, previously stationed in Paris. Major Hur received his B.B.A. from Western College in his home city of Springfield, Mass. He will

instruct the advanced cadets in Air Science IV.

Captain Edward Rice will be the new instructor in Air Science II. Rice's A.B. from Siena and L.L.B. from Union College indicate a comprehensive educational background for the position. Captain Rice makes his permanent home in Albany, N.Y., but spent his last few years in Tripoli, Libya.

Air Science I will be taught now by Lt. Vernon Gores of Fargo, North Dakota, and Lt. William Blakeslee of Richmond, Virginia. Lt. Gores received his B.S. in Civil Engineering from North Dakota State, while Lt. Blakeslee graduated with a B.S. from the Psychology program at Harvard.

## FACULTY CHANGES

The faculty at SMC is also observing some new members. Two of the six are not entirely new to the Hilltop.

Mr. Martin Donahue of Worcester, an honor graduate of St. Michael's and an instructor in modern languages, taught Spanish here in 1953 before his service in the Army. Mr. Edward J. Pfeifer of Montpelier, who is just completing the requirements for his Doctorate in Philosophy, rejoins the staff as assistant professor of History and will also assist in the Humanities program. Mr. Pfeifer is also a graduate of St. Michael's and taught here until 1951 when he was recalled into the Navy.

Mr. George M. Dowhon, another grad of St. Michael's, class of 1951, will join the Mathematics department and instruct in the pre-engineering program.

The Business and Economics departments are further enhanced with the appointment of Mr. William A. Hahn of this state, and Mr. Walter C. Grover of Malden, Mass. Mr. Hahn did his undergraduate work at Holy Cross, and recieved his master's degree from Fordham. Mr. Grover was awarded both bachelor and master's degrees in Economics from Boston College.

Mr. Thomas R. Fennell of New York City and Manhattan College will teach the freshman Physical Science course, and continue research in physics.

## CROWN'nSWORD

(Continued from page one)

During the course of the summer the Society helped lay plans for Freshman Week and discussed means of carrying out freshman orientation throughout the year. Each freshman will be assigned a Crown and Sword member to act as a counselor during the year.

## MEMBERSHIP POLICY

Composed of thirty-two members, the organization was formed by an open election of ten men from each of the top two classes. These twenty men selected ten more and in addition the Senior Class President and the Student Council President, by virtue of their offices.

Paul Kane, '57, was elected to the office of president; George Latimer, '56, will serve as vice-president. Sullivan Barr, '56, and Bill Gorman, '56, hold the offices of secretary and treasurer respectively.

This year, in addition to its freshman orientation program. The Crown and Sword will attempt to form a strong constitution which will allow for the growth of the Society, but which will not permit it to deviate from the original principles and purpose.

# Dooley Named A.A.S. President

The Arnold Air Society met Wednesday, Sept. 19 in Science 308 and elected officers for the coming year. Heading the unit will be Cadet Major Thomas J. Dooley, who the members selected for the office of Squadron Commander.

Under Cadet Major Dooley, whose office is comparable to that of president of other non-military societies, a staff was elected. Cadet Colonel Hugh G. Caldwell will serve as Squadron Executive. Operations and Training will be handled by Cadet Lieutenant Colonel Walter L. Bellcourt.

The group further chose Cadet Major Thomas E. Lemanowicz as Secretary-Treasurer and Cadet Major Joseph C. Ballister as Adjutant Recorder. Cadet Lieutenant Colonel Thomas W. Leavitt will be the Informator and Service Officer.

## PROM

(Continued from page one)

committee will serve as an agency for those wishing to hire tuxedos for the traditionally Formal Junior Prom. The special art committee will work in conjunction with the decorations committee.

## P-DAY BECOMES TRADITION

P(preview)-Day which was initiated by the Class of '57, will be retained tradition and as part of the weekend publicity program.

Willig stated that preferred location for the prom would be the Champlain Country Club and that every effort would be made to secure the Club for the spring event.

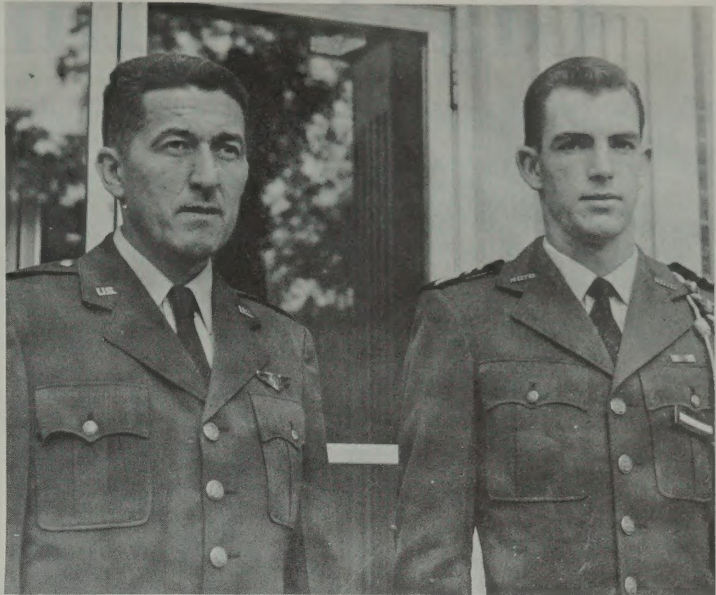

## SCRAMBLE

(Continued from page one)

### STAND BACK

At a given signal, both Sophs and Frosh shall rush to the hay pile, gather up as many as many eggs as they possibly can, and hurry back to their goal line. The idea is that whichever class finishes with more eggs back at their goal line is the winner.

If the Frosh win, they will be able to take off their beanies. But if the Sophs win, the hapless Frosh will be required

COL. DONALD J. QUIGLEY poses with Hugh Caldwell on his selection as Cadet Colonel. Caldwell will lead one of the largest AFROTC detachments in New England.

## EXPOSITION

(Continued from page one)

showing the Great Book series, a panel of photographs depicting co-curricular activities on campus and a panel on life in the AFROTC unit at Saint Michael's. Copies of all of the college publications are on display with a brief history of the Saint Michael's Plan.

Colored slides of life at St. Michael's College are automatically flashed on a screen in the booth. Mr. Simas and Mr. Donoghue are on duty in the booth to explain the curriculum and activities of the college. Many of the parents of students from the Springfield area visited the booth and were surprised to learn that the faculty and administration knew their son's nicknames. In addition to Mr. Simas and Mr. Donoghue, members of the alumni from the Springfield area greatly aided in helping with the booth.

to wear their beanies for an undertermined length of time.

The exact time of the event will be released later. For some unknown reason, someone advised participants to wearold clothes.

## FRESHMEN

Continued from page 1

advisers, and also began the first round of the Freshmen Tournament. The day was climaxed with a Sports Rally held in Austin Hall with speakers Ed Markey, Assistant Coach and Paul Kane, President of the Crown and Sword Society, explaining the sports program on campus.

Friday morning was another busy day for the Frosh, but the afternoon was a little more relaxing. A general assembly was held in Austin Hall with brief addresses by Father Gerard E. Duford, S.S.E., Dean of Men, and Lt. Col. Donald J. Quigley, Professor of Air Science. They explained their chief duties around the campus along with welcoming the new class to St. Michael's.

Friday evening was the annual Frosh Talent Show in which many freshmen displayed a wide variety of talent which included calypso stylings of Harry Bellafonte to the ever-popular Elvis Priesley stint. The '60 graduates spent Saturday registering for their classes, and the evening was climaxed with the annual Freshmen Dance held in Austin Hall with music provided by Bert Cisco and his Orchestra. The

# AFROTC Names Caldwell Head

Lt. Col. D.J. Quigley has announced the appointment of Hugh G. Caldwell as Wing Commander for the AFROTC. Caldwell, a '53 graduate of Closter High School in New York where he captained the basketball team and also played football, is a Senior majoring in Business.

A member of the Arnold Air Society, Caldwell attended its national conference in Denver, Colorado last spring as one of the delegates from St. Michael's. He was adjudged the most efficient flight commander during last year's program, for which he received a medal at the Annual Military Review.

Caldwell attended the summer training unit at Bryan A.F.B. in Texas, where he was selected as the most outstanding cadet in his flight.

In Col. Quigley's words, "Caldwell was appointed to the position mainly because of his outstanding summer camp record, and secondly because of his excellent work in the program at St. Michael's during the past three years."

The ROTC schedule for the year has been planned by Cadet Col. Caldwell, and will be similar to the 1955-56 schedule, which was the result of a staff study in which he took part.

neighboring females from Trinity College, Mary Fletcher Hospital, Bishop DeGoesbriand Hospital, Mt. St. Mary's High School, and Cathedral High School were the guests. There were about 500 people in attendance which made the affair the most successful freshmen dance that has ever been held.

Although it rained on Sunday, the Freshmen Cruise was held according to schedule. All of the newcomers boarded the S.S. Adirondack at 9:30 A.M. and sailed to Port Kent, N.Y., arriving there at 11:00 A.M. Due to the inclement weather outdoor activities were postponed but movies and the picnic were well received by all.

On Monday morning the new students began their classes for the start of a busy year here at St. Michael's.

IT'S FOR REAL! by Chester Field

"To catch a man," said Violette  
"The wisest gals play hard to get!"  
To seem remote and quite aloof  
She sat six years upon the roof.

"It doesn't seem to work," she said  
And so she clobbered them instead.  
She shrugged, "I do the best I can  
Unconscious or not, a man is a man!"

MORAL: Faint pleasure ain't pleasure!  
In smoking too, take your pleasure BIG.  
Smoke for real . . . smoke Chesterfield.  
Packed more smoothly by Accu-Ray  
it's the smoothest tasting smoke today.

# Giant Training Camp a Success

NEW YORK GIANT ALL-PRO HALFBACK EMLÉN TUNNELL (left) and St. Michael's Athletic Director George "Doc" Jacobs renew an old friendship during a lull in the Giants' training.

The St. Michael's campus echoed to the grunts and groans of men getting in shape for the coming professional football season for a period of almost a month this summer. From July 23 to August 18, the New York Football Giants held their training camp here, as the college played host to the team and staff of 74.

The Giants were brought to St. Michael's mainly through the efforts of the Burlington Chamber of Commerce and the college cooperated by offering the pro-football team the facilities needed including the newly completed dormitory, Austin Hall.

### GIANTS FAVORED

The Giants, under Coach Jim Lee Howell, are favored by many to take the Eastern Division Title in the NFL this year, now that the perennial champs, the Cleveland Browns, have lost star quarterback, Otto Graham. Local fans were afforded the chance to see such established pro-stars as Chuck Conerly, Don Heinrich, Mel Triplett, the "Touchdown Twins" Frank Gifford and Alex Webster, Lyle Rote and Emlen Tunnell to name just a few. These and others will be expected to bear the bunt of the Giants push this year.

## HOOP SCHEDULE REVEALED

The Varsity Basketball Schedule for the 1956-57 edition of the Purple Knights has been announced. The schedule features a December trip during Christmas vacation for the Knights to Quantico, Virginia and the Marine Tournament and a January trip through the west where the Saints will play before fans in Chicago, Omaha, Kansas City, Denver and Colorado Springs before returning home. Ten games in the Burlington Memorial Auditorium will give local fans and Michaelmen a chance to see Knights in action. The schedule:

Dec.	1	Vermont (h)	Burlington
	3	Norwich	Burlington
	9	American Int.	Burlington
	13	Adelphi	Garden City
	14	NYAC	New York City
	18-20	Marine Tournament	Quantico, Va.
Jan.	9	Loyola U.	Chicago, Ill.
	11	Creighton U.	Omaha, Neb.
	13	Rockhurst	Kansas City, Mo.
	14	Regis	Denver, Colorado
	16	A-F. Acad.	Colorado Springs
	27	LeMoyne U	Burlington
	30	Norwich	Northfield
Feb.	2	Northeastern	Burlington
	3	Fairfield U.	Burlington
	9	Middlebury	Burlington
	13	Vermont (a)	Burlington
	17	St. Anselm's	Burlington
	23	Colby	Waterville, Me.
	28	St. Lawrence	
Mar.	2		Burlington
Mar.	2	Middlebury	Middlebury

### INTERESTING STORY

The story of how the Giants came to train at Winooski Park is an interesting one. For three years the Burlington Chamber of Commerce had been trying to get a pro-football team to train in this area. This year the Giants expressed interest in coming to northern Vermont. John Buchan, college Business Manager, happened to hear Bud Allen mention that the CC was not able to obtain facilities for the Giants' use. Allen, along with Robert Adsit, had been working on the problem. Mr. Buchan then offered the facilities here. Alumni Hall was finished July 23 blessed by Bishop Ryan the morning of the 23rd and the Giants moved in that afternoon.

Much valuable publicity came the college's way from a CBS-TV color show that was run coast to coast, a spread in *Sports Illustrated*, and the various reporters following the Giants.

### TO RETURN

John Maro, head of the Giants organization, expressed his feelings in a letter to Mr. Buchan in which he stated "Everything worked out very well and I hope that our plans for 1957 will enable us to return to Winooski as it was a fine training camp."

## INTERCLASS INTRAMURAL PROGRAM SET

Athletic Director George "Doc" Jacobs today revealed that a complete interclass and intramural sports program for 1956-57 is being offered to the students interested.

### NO TIME LOST

No time is being lost in getting the program underway as it starts on Wednesday, September 26th at 4:15 P.M. with Seniors and Juniors meeting in an interclass touch football game. The interclass touch football schedule is set up so that each team will play each other twice. All the games will be played on the football field at the above mentioned time.

### TENNIS TOURNEY SET

Tennis enthusiasts will get a chance to show their talent in the Interclass Tennis Tournament which will get underway on Thursday, September 27th. Intramural basketball which has always been a great success will commence on November 21st. Four games per week are scheduled with single games on Wednesday and Thursday nights and an afternoon and evening affair each Sunday. The end of the varsity basketball season will free some of its players to coach the interclass teams for their basketball tournament which will start shortly thereafter.

## MARKEY BACK ON HILLTOP

Back on the campus this year to again assist Athletic Director, "Doc" Jacobs, is the very capable Ed Markey who did a splendid job last year.

### TEAM CAPTAIN

A native of West New York, N.J., and a St. Michael's alumnus of 1952, Ed captained the famed Farley-Stapleton-Burzenski basketball team of 1951-52 which won 19 games and lost only 2. He was also known for his fine shortstopping in the Knights' infield while an undergraduate here on the Hilltop.

### SQUIRES TELL STORY

Last year Ed returned to St. Michael's after a few years in the army where his service baseball team which he not only played for but coached won a few championships. He wasted no time getting into the swing of things at St. Michael's as anyone can see by the record of Freshman Basketball Team of 1955-56. The Squires, coached and developed by their mentor Markey, won 13 of their games while losing just 2 both to the UVM Kittens. Under Markey's tutoring some fine, young, talented players such as Tony Nicodemo, Ralph Turri and Dave Mracek developed quickly and are now considered by many hoop experts in this area to be SMC greats of the future.

### FILLING THE BILL

When "Doc" Jacobs went down to Villanova last spring to coach its alumni for their annual spring Football game with the varsity, Ed Markey stepped in and took on the task of getting the Purple Knights Baseball Team ready for the coming season. Upon returning "Doc" found a real hustling club waiting for him to take helm. The team then went on to its first successful season in the past few years as they won 4 of their 7 games.

### CAPABLE ED

With Ed Markey helping "Doc" Jacobs again this year Michaelmen everywhere can expect to see another great freshman basketball team, varsity basketball and baseball teams with plenty of hustle and an efficiently run intramural and interclass athletic program.

### DATES TENTATIVE

Some of the dates mentioned are merely tentative so interested students should watch closely during the year for any changes that may come up. The program looks promising and has always been a success in the past, thanks to the keen interest of so many.

## HENRY'S DINER

155 Bank Street  
at  
St. Paul

Student Meal Tickets  
Available for \$ 5.00  
(\$ 5.50 value)

Frank and Roberta Goldstein  
cordially invite you to  
join the gang at  
Henry's.

Amid the rain and the wind we are all back on the Hilltop renewing old acquaintances and looking forward to what, we hope, will be a very successful year for us in more ways than one. Sports-minded collegians everywhere are looking forward to what is going to happen on the gridirons, basketball courts and other arenas of competition across the nation. Sports-minded collegians at St. Michael's College in Winooski Park, Vermont, are already talking basketball or, should I say, haven't stopped talking basketball since last year, when the Purple Knights finished the season as Vermont State Champions and the top Small College in New England with a 17-4 slate.

Fall comes before winter, however, and with fall comes football. Touch, that is. Tackle football has, for the second time in three years been discontinued at St. Michael's. First varsity and now interclass. Around the campus are many cleated warriors of the last few years who want to know why. Unfortunately the aforementioned are a vast minority which is reason enough for the end of their grid days. Football is a game that takes a lot of preparation and sacrifice on the part of those who want to play it and it doesn't seem as though there were enough of those people around last year. The end of the world isn't here yet because touch football can be a lot of fun and those with less physical material can also get into the act.

Getting past the fall and into the winter everybody is eagerly awaiting the coming basketball season to see if the Knights can better or at least do as well as their record of last year. A few of the old foes have been dropped and some new ones have been added such as Regis of Denver, Loyola of Chicago and Rockhurst of Kansas City to mention a few. Rockhurst had a fair season last year by the way. The Hawks won 25 while dropping only 5. This points out the stiff competition that the Knights will be facing when they play in the Quantico Tournament and on the western trip. None of these teams can be taken lightly.

KNIGHT SHORTS -- Speaking of basketball I see that the Kuchar boys, our Bill and UVM's Bobby are already working out. After watching Bob against the SMC Freshmen last year I know how the opposition must feel when Bill goes up for one of those one hand jumpshots. -- Bob Young, who set a shortlived Knighthoop record with 398 points in 1954 and was chosen on Father Linnehan's all-time St. Michael's Basketball Team is back on campus. -- Mr. and Mrs. Tom Lemanowicz are among the new couples living at Miketown this year. -- A lot of baseball interest in campus seems to be centered on whether Ted Williams will get 400 official At Bats or not. Mathematically if Ted should get just 400 trips to the plate he would have to get more than 140 hits to clinch the title. 140 hits in 400 trips would give him an average of .350 which probably will not be enough to beat Mickey Mantle who is long overdue to start hitting again. If Ted fails to win the coveted crown he still won't be shutout as he has already won the spitting title.

## X COUNTRY TEAM GOES FORMAL

This year Saint Michael's College will be represented athletically by the newly formed cross country team which will be recognized as a varsity sport.

Last season the team was on an informal status competing in a dual meet with Norwich University and the Connecticut Valley Meet which is comprised of several colleges and universities from the New England area. Because of the team's fine showing last year the Athletic Office has given the green light for Inter-Collegiate Meets this Fall.

Heading the list of proven trodders will be Ray Flynn,

Bill Kuchar, Pete and Larry Austin who'll be relied on heavily to bring success to the college in their first season of competitive cross country.

### Interclass Touch Football Schedule

Sept.	26	Seniors	vs. Juniors
Sept.	27	Sophs	vs. Frosh
Oct.	1	Juniors	vs. Sophs
Oct.	3	Seniors	vs. Frosh
Oct.	4	Juniors	vs. Frosh
Oct.	8	Seniors	vs. Sophs
Oct.	10	Seniors	vs. Juniors
Oct.	11	Sophs	vs. Frosh
Oct.	15	Juniors	vs. Sophs
Oct.	17	Seniors	vs. Frosh
Oct.	18	Juniors	vs. Frosh
Oct.	23	Seniors	vs. Sophs

# Q. Why Are Viceroy's 20,000 FILTERS Made From Pure Cellulose?

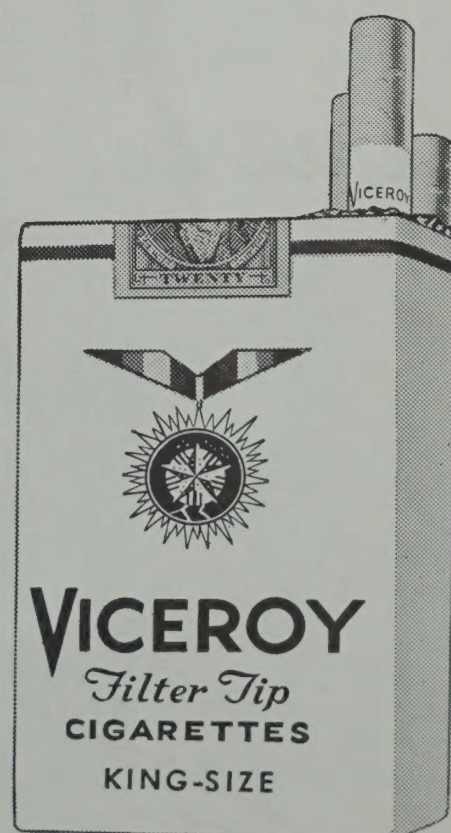

# A.

Because cellulose is a soft, snow-white material . . . the same pure, natural substance found in many of the good foods you eat every day.

Only the exclusive Viceroy tip contains 20,000 tiny filters made from pure cellulose—soft, snow-white, natural—*twice as many* filters as the other two largest-selling filter brands. That's why Viceroy gives you . . .
